Manishabyakodi@outlook.com | [LinkedIn](#)

IIT Bombay Post-Graduate and Product Specification Expert with 5+ years of experience delivering AI-powered SaaS and enterprise solutions. Proven track record of spearheading 0-to-1 product launches, optimizing user engagement, and driving a 25% increase in product adoption. Adept at cross-functional leadership across engineering, sales, and marketing to scale high-ROI digital products. Specialization in Generative AI integration, advanced product analytics, and Agile product delivery tailored for enterprise digital transformation.

PROFESSIONAL EXPERIENCE

Inogic Tech Pvt Ltd, India | Associate Product Manager | Aug 2024 – Present

- **AI Product Launch (0→1):** Led 0 to 1 of launch of **Next Best Action** product by defining product vision, authoring PRDs, and coordinating cross-functional teams, resulting in new revenue-generating assets for the company.
- **Growth & Adoption:** Scaled 6 pilot product features from beta to production, achieving 25% user adoption within two quarters, and increasing active platform engagement by 10%.
- **Team Leadership:** Led cross-functional collaboration across a 40+ member engineering, QA, and GTM organization to deliver product features, improving sprint delivery speed by 25%.
- **Product Ownership:** Owned end-to-end development of DeDupeD (CRM data deduplication) and WhatsApp4Dynamics, delivering features such as advanced duplicate detection and record merging, skill-based routing, and automated survey triggers that improved CRM data quality and streamlined customer support workflows via 'Customer Happiness' and '**Customer-First**' framework.
- **Empathy-Driven Customer Discovery:** Conducted discovery sessions with global enterprise clients to build deep user empathy and uncover critical pain points and workflows, translating insights into intuitive product features and improved user experience.

Softogrid Solutions Pvt Ltd, India | Business Analyst | Aug 2021 – Aug 2024

- **Strategic Decision Support:** Empowered stakeholders with interactive dashboards and data-driven reports, contributing to an increase in overall project success rates.
- **Client Engagement:** Managed direct communication with international clients, providing product demonstrations and technical walkthroughs to ensure solution alignment and satisfaction.
- **Requirement lifecycle:** Managed the B2B e-commerce requirements lifecycle via Jira, collaborating with stakeholders to deliver custom workflows that increased digital platform adoption by 45%.
- **Agile Execution:** Acted as the bridge between business needs and technical execution; managed the Jira backlog and led grooming sessions to keep sprint velocity consistent.
- **Technical-functional validation and UAT:** Led validation for complex checkout modules to decrease shopping cart abandonment by **24%** and reduce post-sprint rework by **20%**.

Just Amazin Pvt. Ltd., India | Product Management Intern | Mar 2019 – Jun 2019

- **Product Strategy & User Research:** Spearheaded competitive analysis and user research across **3** consumer cohorts to identify market gaps, defining the core product requirements for **2** new vegan product lines.

- **Amazon GTM & Growth Execution:** Co-led the end-to-end Amazon GTM strategy for 2 plant-based lines, optimizing listings to drive a **20%** increase in product page views within 30 days of launch.

Accenture Pvt. Ltd., India | *Application Software Engineer* | Nov 2018 – Feb 2019

- **Software Foundation:** Completed intensive training in SDLC and Database Management; applied automation testing methodologies to ensure robust code execution for enterprise projects.
